Pathé Discs play without a Needle.

¶ "PATHÉ DISCS" are played with a Sapphire point sound box which does away entirely with the troublesome necessity of constantly changing the needle, as in other disc machines at present on the market.

¶ "PATHÉ DISCS" are practically unwearable and everlasting. The reproduction is infinitely superior to any other disc on the market.

The natural tone of
the voice is preserved.

¶ "PATHÉ DISCS" must be played with our special sound box with sapphire point.

¶ "PATHÉ DISCS" begin from the centre.

No Needles required.
